CORPORATE PHILOSOPHY

Together we create a sustainable tomorrow.

Where you might see the end of a product's life, we see the beginning of something new. Together with our customers, we AT OVERSEAS METAL MERCHANT hope to build a world where nothing is wasted and sustainability is the norm. Sustainability is at the heart of everything we do.

Our sustainability road map to 2030 is called OVERSEAS METAL MERCHANT. It's our OVERSEAS METAL MERCHANT responsibility to take positive steps to protect our environment and play our part to reverse the damaging effects of climate change.

As metal recycling specialists, our aim is to achieve zero landfills wherever possible. OVERSEAS METAL MERCHANT is an international metal recyclers and trader, and we place great value on the importance of operating in a way that is socially, environmentally, and economically resilient. We aim to deliver long-lasting social and economic development for future generations and the communities that we are a part of.

OVERSEAS METAL MERCHANT is our road map to 2030 and our commitment to sustainability across four key, interconnected pillars: i) Environment, ii) Energy and Carbon, iii) Social Value, and iv) Economy. These pillars are associated with the UN Sustainable Development Goals, which are the most material to our business.

INTRODUCTION

OVERSEAS METAL MERCHANT UK LIMITED was established by entrepreneur Mohammad Masud Parveg, Previously he was the Managing Director of Globally well renowned recycling Material trading and processing company in UK named European Metal Trading Ltd.

During a few years, he managed to turn the business into a strong and internationally metal recyclers and trading to the FAR EAST which now operates in a number of recycling yard mainly in South America, Central America and the Carribean.

The fundamental philosophy and management policies is to contributes to the world through the pursuit of possibilities inherent in recycling for better future.

1. We shall main to provide optimal levels of quality, delivery times, costs and engage in corporate activities accordingly.
2. It is our goal to be a constantly growing and developing new businesses in our specialized trade.
3. We are committed to building a sustainability for a better future.

“MY MOST VALUABLE ASSETS ARE MY WILLINGNESS AND ENERGY TO MOVE FORWARD DURING DOWN TIME”

OUR DIVISION

METAL SCRAP RECYCLING

We purchase and recycle all grades of ferrous scrap metal on an industrial scale and trade internationally.

Our ferrous scrap is generated from a number of sources including industrial processes, construction and ship breaking. This makes it more useable for downstream consumers which are mainly melting plants That will produced semi -finished products and the process and life of that starts all over again.

We have been exporting containerised cargo, for smelters and end processes, from our collection point in South America, Central America and Caribbean for many years. We offer competitive price and quality materials.

Our production capacity is approximately 10,000 Metric tons per month. Main market Bangladesh and India.

Ferrous scrap as under:

- Heavy Melting Scrap No.1
- Heavy Melting Scrap 80:20
- Used Pipe, PNS
- Neval / Vessel Demolition Scrap
- Cast Iron Scrap

Within our professionals in their fields, and are very well respected for high levels of integrity and strong corporate governance. Likewise, our buyers are all matured companies, mainly end user in the Far East.

PURCHASE AND SALES OF DEMOLITION VESSEL

All ships will end their lifecycle sooner or later.

When doing the demolition sales, it is very important to deal with competent and reliable buyers. We carefully select partners for our clients on this market. Our result is 100% successful sale ratio of ships for scrap.

We offer one stop services with best market rates. Our team is able to buy vessel on "As is where is". Our team is expert in arranging demolition of all types of vessels (main fleet and offshore vessels). irrespective of their type and sizes. With the support from our clients, we aim to become a reliable service provider in this segment.

We purchase demolition vessels at competitive rates from our customers, based in India Sub-Continent. We provide tailor made services catering to all the needs of a demolition project including towage arrangements, permissions / approvals at ship breaking ports. We are able to arrange green recycling for our clients complying with Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009 and European convention

4. WARRANTY/LIMITATION OF LIABILITY: Subject to relevant Federal and/or State law, these Terms set-out the entire liability of the Seller in respect of the Goods and all other conditions or warranties, expressed or implied, are excluded. In no event shall the Seller be liable for consequential loss or special, indirect or consequential damages.

If the Buyer does not give notice to the Seller of any alleged defect in the Goods or non-compliance with the contract specifications within 3 working days of delivery or unless otherwise specified, the Buyer is deemed to have accepted the Goods and the Buyer is bound to pay for the same accordingly. If any Goods delivered to the Buyer are defective or otherwise not in accordance with the contract specifications, and the Seller has received notice in accordance with these Terms, then to the extent permitted by the law, the Seller's liability is limited at its option, either to the replacement of the Goods or the refund of that portion of the price applicable to those goods.

5. **TERMINATION:** The Seller has the right to withhold deliveries to the Buyer and to terminate any contract for sale of the Goods and retain any payments already made if:

(a) the Buyer defaults in any of these Terms;

(b) the Buyer enters into any scheme of arrangement with its creditors or enters into voluntary administration liquidation or has an administrator receiver or receiver and manager appointed for all or part of its assets;

(c) the performance of the Seller's obligations under these Terms is adversely affected by operation of events beyond its reasonable control. Termination is without prejudice to the Seller's right to recover payment from the Buyer for Goods or to recover the Goods themselves under clause 3 of these Terms delivered before termination.

(d) While the event(s) referred to in paragraph (c) operate(s), the Seller is deemed not to be in breach of these Terms.

(e) Upon termination for any reason, the Seller shall be entitled to enter the Buyer's premises with or without notice and to re-take possession of the Goods, or their composite products in respect of which title has not passed to the Buyer at that date.

6. **MISCELLANEOUS:** These Terms are subject to variation by the Seller without notice to the Buyer. These Terms are governed by LONDON, UNITED KINGDOM law, and the Buyer and the Seller irrevocably submit to the non-exclusive jurisdiction of the courts of LONDON, UNITED KINGDOM. The failure of the Seller to enforce any of these Terms at any time or for any period of time does not affect its right to later enforce the same.
